650SS

ecosmart Fire

The zero clearance Firebox 650SS is the perfect choice for smaller areas. A square-shaped firebox, it enables multiple installation options including front or back fitted, with or without an exposed flange, in a variety of sizes, within cabinetry, or within an existing closed-off fireplace.

With its simple, streamlined design, the Firebox 650SS can be readily installed into a range of interiors. And the ventless EcoSmart Burner is simply inserted into the firebox once securely positioned. The firebox also comes with a Wind Screen Static.The Firebox 650SS is used in the construction of the EcoSmart Cube, part of the Designer Range.
